

## True continuous monitoring starts here

Create safer workplaces and realize new sources of revenue with Continuous Watch, the leading continuous criminal monitoring solution

### True continuous criminal monitoring powered by an unmatched data network

Most other continuous monitoring solutions are just periodic rechecks against a database. Appriss Insights provides a true continuous criminal monitoring solution that provides real-time insight into workforce risk, built on our proprietary, real-time incarceration data network.

#### Benefits of Continuous Watch

Continuous Watch provides CRAs new opportunities to grow their business, while significantly reducing post-hire workforce risk for employers nationwide. CRAs who choose Continuous Watch will quickly realize the benefits of working with a trusted team and a proven product.

- Compelling new product to offer employers looking to mitigate employee and workplace risk
- A single platform with insights from nationwide sources, reducing the risk of undetected booking events
- Experienced team to assist your clients with implementation of their monitoring solution
- Recurring, subscription-based revenue model versus the traditional transactional revenue models

#### Flexible Implementation Options

Continuous monitoring notifications can be customized for the end-customer or the CRA provider.

- **Continuous Watch:** CRA receives alerts for every booking matching the profile of a "watched" individual
- **Continuous Watch Plus:** CRA receives alerts for every verified booking of a "watched" individual
- **Continuous Watch Complete:** CRA receives alerts for fully adjudicated records matching the profile of the "watched" individual

#### WHY CHOOSE CONTINUOUS WATCH?

##### **Timeliness**

Post-hire interactions with the criminal justice system delivered in real-time

##### **Exclusivity**

Powered by insights from jurisdictions not found in any other commercial criminal database

##### **Accuracy**

High fill rates for SSN, DLN, and full date of birth reduce false positives

##### **Customizable**

Alert criteria can be adjusted to meet the risk profile of the employer or CRA
