

## How to Sign in to a VINELink Account – Quick Reference Guide

**NOTE:** In this resource guide, we will be using our training demonstration website to provide examples. Some information may appear differently in your state's specific VINELink website.

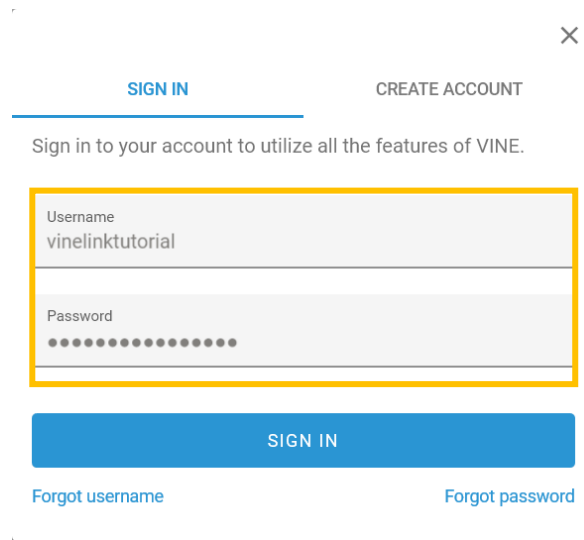

1. Access VINELink via the web at [www.vinelink.com](http://www.vinelink.com) or via our free mobile application. Select your **State** to get started.

2. On your state's landing page, select "**Sign In**" from the menu in the header.

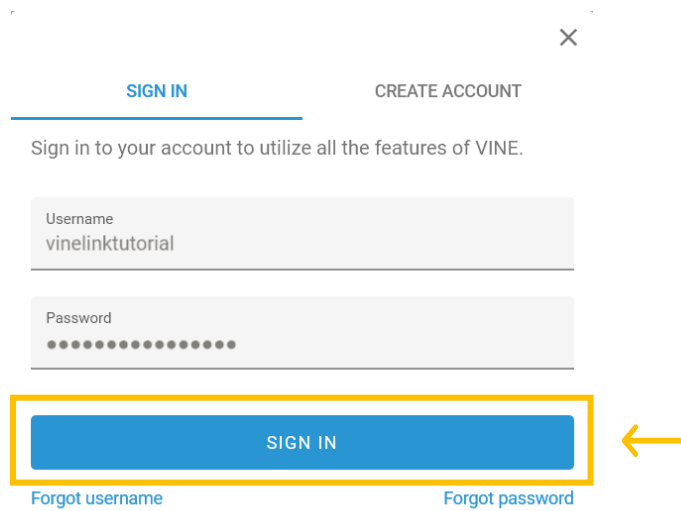

3. On the Sign In form, you will need to enter your unique **Username** and **Password**.

The screenshot shows the VINE Sign In form. At the top right is a close button (X). Below it are two tabs: "SIGN IN" (active) and "CREATE ACCOUNT". A message reads: "Sign in to your account to utilize all the features of VINE." Below this are two input fields: "Username" with the text "vinelinktutorial" and "Password" with masked characters. A yellow box highlights both input fields. Below the fields is a blue "SIGN IN" button. At the bottom are two links: "Forgot username" and "Forgot password".

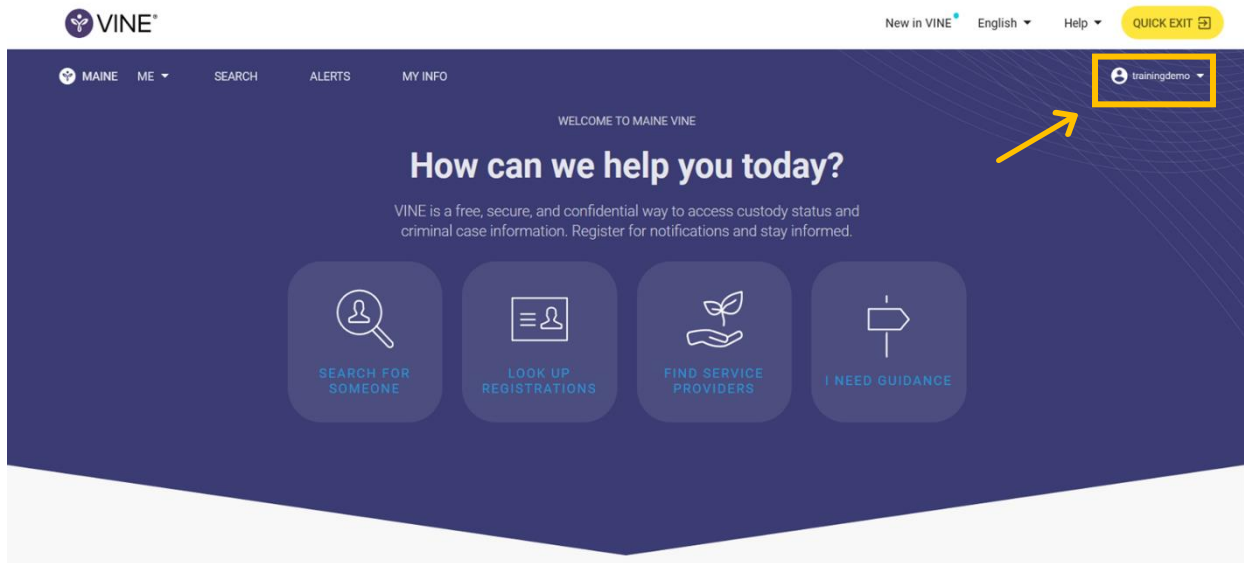

4. Once you have entered your account credentials, click **"Sign In."**

This screenshot is identical to the previous one, but with a yellow box around the "SIGN IN" button and a yellow arrow pointing to it from the right. The rest of the form, including the input fields and links, remains the same.

5. Welcome to VINE! You are now logged in and will be directed to your account landing page. Note that your username will display in the header menu to confirm you are logged in to VINELink.

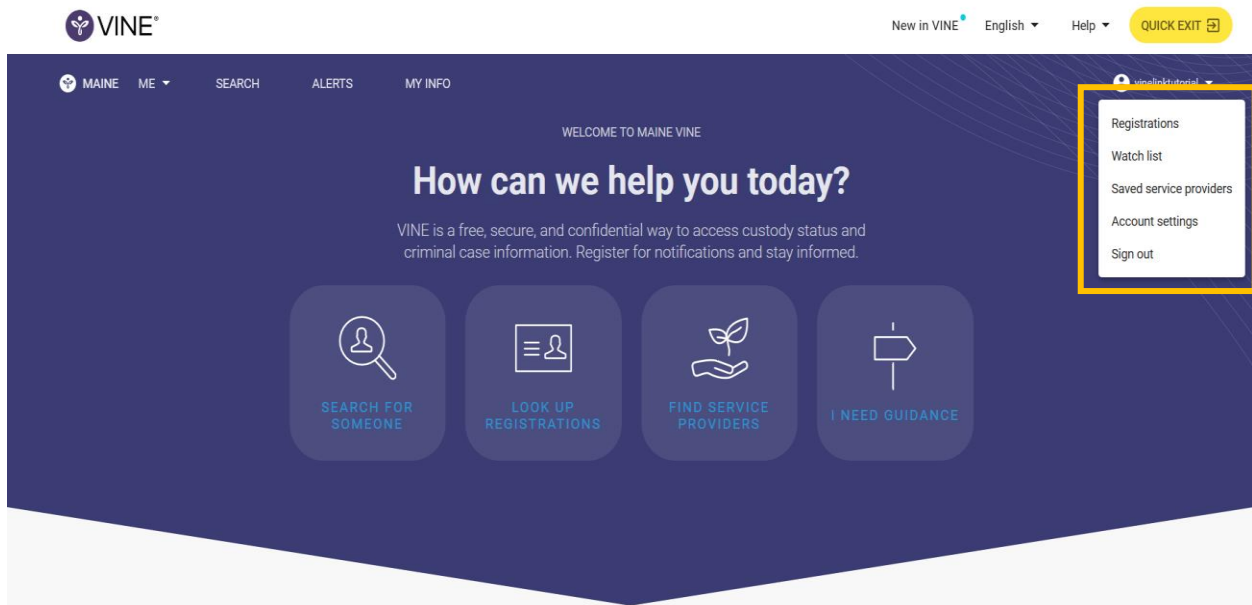

To access more details about your account, select the downward arrow next to your username.

6. From your account dropdown menu, you can access your **Registrations**, **Watch List**, **Saved Service Providers**, and **Account Settings**.

- Your account settings allow you to view your account information, update your password, and manage your four-digit Personal Identification Number (PIN) for notifications.

To exit your account, simply click "**Sign Out.**"
